NORDIC D'LUXX - Multifunctional flowerpot with built-in light and **bluetooth** speaker

NORDIC D'LUXX Flowerpot was designed by the renowned Danish designer Henrik Pedersen from 365° NORTH in a modern, Nordic and organic design. The Flowerpot is not a traditional flowerpot but adds multi functions, which can be useful inside and outside. For flowers and plants, as ice bucket and wine cooler, as a speaker and as a light source.

With the built-in LED light, the Flowerpot provides light to a late summer evening when you sit outdoor on the terrace or in the dark winter hours it creates a warm atmosphere. In addition to the adjustable light the Flowerpot may also be used as a loudspeaker. Stream and play your favorite music and create memorable moments with friends and family. Control your Flowerpot via a free APP on your Smartphone, by connecting via Bluetooth and access your favorite music and streaming services.

Charge your Flowerpot and place it wherever you like. It can be used outdoors in the garden, in the driveway or at your front door. The Flowerpot is frost resistant. You can also leave your Flowerpot outdoor with the charging cord attached.

Set the timer in your Flowerpot and come home to bright light in the dark winter hours, or use the timer to ensure your house, by allowing it to be lit when you are away.

Flowerpot

NORDIC D'LUXX flowerpot is produced in a high resistant/ fracture resistant and frost-proof plastic material (LLDPE) that can withstand down to minus 20 degrees, with a nice handle in leather and stainless steel 402 rivets. Use it as a flower pot, wine cooler or ice bucket.

Light

The built-in LED light is controlled via the app on your smartphone. You can create a cozy atmosphere on the terrace or balcony. Or inside the house. Light in all colours is possible and can be set in the app. Choose your favorite colour, or use one of the preset lighting themes such as light therapy, sunrise, random etc. Can light up to between 12 and 15 hours depending on pot size on fully charged battery.

Sound

Stream and play your favorite music from streaming services or play your music from your smartphone with the built-in waterproof bluetooth speaker that can play up to 6 hours on a fully charged battery. High performance and great sound.
